Welcome to Drum Corps Expo!

Letter from the Director:

Hello and welcome to the Drum Corps Expo! We are positive that you will enjoy an evening of music and pageantry arts from some of the best in the Midwest! Our team has worked very hard to showcase a range of styles and music this year, hoping that we can give you a great evening of entertainment.

The Govenaires Drum and Bugle Corps will present their 2023 production "Paparazzi," depicting the glamour and scandal of Rome during the 1950s and 1960s. As the stars came out, so did independent photographers looking to make a quick buck. Federico Fellini's 1960 film "La Dolce Vita" captured this phenomenon, helping to give these entrepreneurs the name "Paparazzi." Music for the 2023 Govenaires includes the atomic-age style of lounge jazz icon Esquivel, and a noir-tinged version of a Lady Gaga classic.

We are so happy that you came to the show tonight: you chose live performance over all the other options available to you. Thank you for sharing your time with us! We do this for you, and with you, always remembering that we are here for Dedication to Performance, Pride in the Corps and Fun with the People!

-Emily Moe, Govenaires Drum and Bugle Corps Co-Director

Thank You, Community!

The Govenaires Performing Arts Association would like to thank each member of the community of St. Peter for their continued support. Drum Corps Expo is a community activity, and without the wonderful support that St. Peter provides to the Govenaires, we would not be here today. Your support comes in many forms, from the smiles and waves as the corps performs in a parade, to your promotions of us to your friends, to more traditional financial support. Your encouragement has provided for 96 years of engaging pageantry, and your ongoing support allows us to continue to provide vibrant experiences for people of all ages, now and into the future.
